

WTG is seeking a qualified researcher for hire to work on a project on a contractual basis. We are inviting qualified applicants to submit their applications and proposals.

To succeed in this role, you should have a strong background in research methods and tools, as well as excellent communication and presentation skills. You should be curious, flexible, and eager to learn new things. Using extensive research methodologies, you will perform detailed research in your assigned field, analyze the gathered data, and present your findings.

Qualifications:

Proven experience in field of research.

Bachelor's degree in research or related field required.

Excellent communication and presentation skills, both written and oral.

Experience designing and conducting research studies using appropriate methods and tools.

Job Description:

- Research, document results to write reports, papers and findings to presented to the management.
- Design research tools, collect, record and analyze data.
- Analyze, interpret data using statistical and qualitative techniques.
- Work closely with Project Manager.
- Identify research methods, variables, data collection techniques and analysis methods.
- Perform evaluative analysis of selected resources and current market data.
- Produce and present clear and concise reports on your research findings and recommendations at the end of the project.
- At least 1 year of proven experience in conducting research projects.
- Knowledgeable in various research and testing methodologies.

Only qualified candidates will be selected for interview. Please send your applications to hr@womenthatgive.ca by Wednesday, 2nd October 2024.
